

Alarmtrack™

Your Asset Security Network

Beat the Thieves!

Keeping Your Assets Safe 24/7

ALARMTRACK™ is a covert monitoring system which employs a revolutionary new tracking technology working to **TWO GPS Satellite systems with TWICE** the normal coverage.

Ultra-low power consumption ensures a battery life of one to four years, and the ability to work in hidden positions. This means the ALARMTRACK™ sensor can be fitted in moments, and forgotten for complete peace of mind.

Rugged & Weatherproof

Small & Compact

Super-Long Battery Life

High Performance

Small and easy to hide away... Just place and trace!

ALARMTRACK™ is a tiny, battery-powered, affordable GPS asset monitor and locator and is powered by the Telstra network to watch over your vulnerable property, and let you know immediately if it is under threat. It is compact, waterproof and easy to install. Just place and trace.

Ideal for Concealed Application

Peace of Mind in the Palm of Your Hand with Free Smartphone App

Intuitive and Easy to Use

Click on the icon, get that information. No searching around hidden menus and confusing techno-babble set-up screens.

So user-friendly and intuitive that you won't even need an instruction manual!

Simply hide the tracker in your trailer or vehicle and we will send a reassurance position from it once a day that you can view online or via a smartphone app.

Place & Trace

Easily hide the tracker in your vehicle or asset - Alarmtrack is small and robust with an ultra-long battery life

Alerts

Set the movement alert via your phone and get notified immediately your asset moves without your authority

Locates

Switch to recovery mode on your App to see exactly where your asset is with 10 minute live tracking and reporting

Recovers

Live tracking means police can act fast, giving you the best chance at getting your asset back intact and unharmed

No matter what your asset...

**Don't risk losing it...
Alarmtrack™ it!**
It's affordable + easy!
